

TOPPER's Receives High Marks in 2017 Zagat Survey

TOPPER'S at The Wauwinet and Brant Point Grill at the White Elephant received high marks in the 2017 Zagat Survey, recently announced at the end of May. TOPPER'S earned a score of 14.5 out of 15, with its cumulative score identifying the restaurant as the top dining establishment in New England. The rating is determined by thousands of guests evaluating restaurants based on food, décor, and service.

"We are honored to receive such high ratings from Zagat, which further enhances Nantucket's reputation as a premier culinary destination," said Khaled Hashem, Managing Director of Nantucket Island Resorts. "I am also very proud of our team's devotion to providing an outstanding experience for guests," he added.

Situated on The Wauwinet's expansive lawn, TOPPER's is known for its fresh seafood, views of Nantucket Bay, and its 1,450-bottle wine list, which has repeatedly earned the restaurant the *Wine Spectator* "Grand Award." Culinary offerings include "sanfria" (frozen sangria), mini cocktail flights – made with local 888 vodka – and the "build your own Retsyo oyster Bloody Mary" bar, made with oysters plucked just 300 yards from the inn.

Both TOPPER'S and The Wauwinet add this noteworthy achievement to a list of esteemed accolades recently received such as *Condé Nast Traveler* Reader's Choice Award, *Wine Enthusiast* 100 Best Wine Restaurants in America, and *U.S. News & World Report's* Best Hotels list.
