*TOPPER'S #1 Rated Overall Restaurant in Massachusetts in 2014 Zagat Survey*

The Wauwinet is pleased to announce its restaurant, [TOPPER'S](#), has been named #1 rated restaurant in Massachusetts in the 2014 Zagat survey with an average score of 28 out of 30. This ranking establishes TOPPER'S as one of the highest-rated restaurants in the United States, and marks the fourth consecutive year that TOPPER'S has "topped" the survey of Cape Cod and the Islands' restaurants. The winners were determined by thousands of consumers who evaluated restaurants based on food, décor, and service.

"Nantucket has always been known as a popular vacation destination because of its beautiful beaches, miles of bike trails, and quaint downtown. Thanks to TOPPER'S continually winning this and other accolades, Nantucket is increasingly recognized as a gastronomic hotspot as well," said Khaled Hashem, Managing Director of Nantucket Island Resorts. "I am very proud of our team and their dedication to offering guests a renowned experience," added Hashem.

Known for its fresh seafood and stunning views of Nantucket Bay, TOPPER'S will introduce a new spring menu this season with local produce from Pumpkin Pond Farm. Its Retsyo Oysters, a local favorite, are sourced from the oyster bed located 300 yards from The Wauwinet. For more casual fare, guests can dine on TOPPER'S Deck, or sip tasty cocktails at TOPPER'S Bar.

TOPPER'S is no stranger to accolades; the restaurant has received the *Wine Spectator* Grand Award for 17 years running. Recently The Wauwinet was recognized for its exceptional service and atmosphere for the sixth consecutive year on *Condé Nast Traveler's* Gold List, maintaining its coveted spot in the Platinum Circle.
