

**Wedding season on Nantucket gets a new set of wheels as
White Elephant debuts antique LaSalle convertible**

April 12, 2011, Nantucket, MA – The White Elephant on Nantucket is introducing its latest guest amenity for the 2011 season in the form of a 1939 LaSalle convertible, manufactured by General Motors. This unique white LaSalle, featuring suicide doors, is one of only 185 of its kind built during that year. The antique automobile will be available to transport brides to and from the White Elephant hotel on their special days.

The LaSalle will debut during the Nantucket Daffodil Festival's Antique Car Parade, an annual tradition where over 100 antique cars parade down Main Street decked out from tire to windshield in yellow daffodils. The Antique Car Parade begins at 12 pm on Saturday April 30, 2011.

The White Elephant, which opens for the 2011 season on Thursday April 21, offers all guests a one-of-a-kind experience, whether staying in one of the resort's 54 guestrooms and suites, 11 garden cottages, or the White Elephant Loft. Located directly on the harbor and just steps from the boutiques of Nantucket Town, the White Elephant is the perfect spot to stay during a Nantucket vacation and a premier location to hold meetings, events, and other celebrations. The harbor side Brant Point Grill offers steak and seafood specialties and the serene White Elephant Spa offers a selection of signature massages and facials available in intimate treatment rooms overlooking Nantucket's waterfront.

An award-winning property, the White Elephant recently received the top honor of #1 resort in Massachusetts in *Travel + Leisure's* World's Best Awards in 2011; this is the second year in a row that the White Elephant was included on the list.

The White Elephant is part of Nantucket Island Resort's unique collection of premier hotels, cottages, lofts, hotel residences, and marinas. The collection also includes The Wauwinet, White Elephant Hotel Residences, Jared Coffin House, The Cottages & Lofts at the Boat Basin, and the Nantucket Boat Basin.
